WOMEN'S THRASH.

In a play with her little Mrs. Martella Roberts had the fortune to get an eye out on Friday of last

and Charley Jones were do- posum Trot Sunday. William Chubb's subscription school is a grand success. C. Car- ter, of Brad, and others from a dis- tance are in attendance.

Married, on the 15th inst., at the residence of the bride's parents, Miss Carrie Hughes and Mr. Ruben Curran, of Daniel's creek, this county, Rev. Wm. Bentley officiat- ing. All things were lovely and the goose hung high. A beautiful feast was spread to which the few invited guests did ample justice in appeasing a frenzied appetite. At early twilight the gathering crowd threatened approaching danger, or fun for the gillnet sounds of horns and the jingle of merry bells awoke such vibrations as this vicinity never before knew. Round and round went the crowd with increasing racket until the bride and groom were compelled to show their lov- ing faces. But not having any treat prepared for the crowd the tender, an ex-justice of the peace, required them to show affect on by kissing each other publicly. They leave best wishes, as they are both worthy and deserving. We regret to lose the bride from among us, but it is her gain.

Miss Minerva Presley and Mr. John G. Diamond, of Smoky Val- ley, were married last week. Rev. Wm. Bentley officiated. May they live long and prosper.

Land Carter and Henry Jenkins shipped a nice lot of cattle to Cin- cinnati last week.

ELECTROPOISE

FOR BLADDER DISEASE.

Electropoise gave me com- plete relief from excruciating pain in the bladder. I also find it useful for treating children for numerous ailments.—C. T. Allen, with Bridgford & Co., Louisville, Ky.

Mr. G. W. Flint, of Skylight, Ky., says: "I suffered for years with my kidneys, inflammation of the bladder and enlargement of the prostate gland. After a short trial of the Electropoise I am entirely relieved, and feel twenty years younger."

I have derived more benefit from the use of Electropoise than from all other remedies combined. I think it the grandest invention of the age. It can not be praised too highly.—Mrs. M. E. Gorman, Sal- lieville, Ky., August 20.

John H. Davis, Esq., of Bar- boursville, Ky.: "The Electropoise is the best all-round doctor I know of. My wife suffered from effects of la grippe for several years; also a complication of other ailments. Now she is entirely well. Indiges- tion bothered me a great deal. I am now well. One of my neighbors is using it for lung trouble, and re- ports improvement."

As a curative agent the Electro- poise can not be equalled. Nearly 1,000 have been put out from this office in the last three months.

Electropoise put on trial for four months for \$10. Send for valuable book free.

The Board of Supervisors have about completed their labors. They have made a good many changes.

If you have a watch, clock or any piece of jewelry which needs repairing take it to M. P. Conley's. A strictly first-class workman is in charge.

Drs. Fugitt & Walter, formerly of this county, but now located in Johnson county, have been appointed as Examining Surgeons of Penitentiary at Paintsville.

Chas. L. Carter, one of the prominent victims of the recent Hawaii revolt, was one of J. W. M. Stewart's classmates in the law department of Michigan University.

The Hot store building stands about eleven inches over on ground being to Main Cross street, and much is being removed. Why the repairs are completed Sullivan & Kise will move into.

The amount timber taken out of the Sandy Valley during the fiscal year 1894 was smaller than that of any like period for several years. For the year prior the amount was the largest marketed for a number of years.

John Taylor, though younger who has made himself known throughout this section, was shipwrecked Wednesday off from this place, where he has been for some time. A collection was taken and he was headed for Cincinnati.

We learn that Dr. V. S. Dixon, formerly of Columbus, Ohio, has located at Ashland, Ky. and has opened an office in 1 Pollock building. The Dr. is well known in the Sandy Valley and is a great eye and ear. Our people should remember this item.

We publish this week a very entertaining article by Henry Peterson on "The Honeysuckle Cury," which appeared a few days in the editorial columns of the Fair Journal. Read it. The only objectionable feature is the reference to whisky drinking, but that is not taken in a serious vein; a matter of fact there are as many total abstainers in Kentucky elsewhere.

ed by her about 15 days before her death and grew rapidly worse. The news of her death was quite a shock to the neighborhood, as it was rather unexpected and is very deeply deplored. She was a most excellent woman and commanded the highest respect of all who knew her. Her husband and four children survive her, and to them the deepest sympathy goes out.

The Concert.

One of the main features of the concert to be given at the Masonic Opera House next Friday evening will be the Huntington Mandolin Club. They will be here in full force and will furnish some of the best music ever heard in Louisa.

That alone should be enough to attract a large house. Mr. Fleck Pennington, of Catlettsburg, is also expected to be present to furnish some violin music and to assist with the vocal music. For full particulars see the bills.

Louisa Graded School.

The Louisa Graded School will close February 2nd, after a very successful term of five months. There seems to be complete satisfaction among the patrons. Prof. Anderson has, as in former terms, given splendid service, as have also his assistants. They have succeeded in awakening and keeping up a lively interest in the work of the pupils and the good results are plainly to be seen.

Logan County Divided.

Logan county, W. Va., has been cut in two and the new county is called "Mingo." Williamson is designated as the county seat. Leo Drake, a Louisa boy, has been appointed county clerk, and Daughess Hughes, brother of A. M. Hughes, deputy.

In Memoriam.

In Sunday School M. E. Church South, Sunday, Jan. 20, 1895:

Since we last met, death has taken from our members dear little Mary White.

During her short stay in our town she was a faithful scholar in our school. Bright, sweet and joyous, she endeavored herself to all our hearts, and for one of her tender years was indeed an interesting, lovable child.

She died last Wednesday morning after a brief, but serious illness and as we meet here this morning and find her place vacant—vacant forever—oh, how and we are—how we miss her—and how our hearts go out in sympathy for her father and mother and little brother and sisters. May God bless and comfort them in their sorrow, over the death of their little "Pet."

She is gone from our school. We shall never more see her bright eyes. We shall here no more hear her sweet voice as it sang praises to the Savior she so early in life learned to love. But we shall see her again in the Great School above, where those who love shall meet to part no more.

MISS MARIAN E. WATJECK, MISS AUGUSTUS SNYDER, MISS R. T. HUNNS, COMMITTEE.

Superintendent, R. T. HUNNS.

Louisa Normal Institute.

The Louisa Normal Institute opens February 4, and continues five months. The large attendance last year has led Principal U. S. G. Anderson to employ a large crop of successful instructors for the coming term.

To fully meet the demands of all those students seeking an education, Scientific, Commercial and Musical Courses have been added. Students desiring to study the sciences will do well to enter the Scientific Course of this school.

This course is of special value to those desiring a thorough knowledge of the languages. More attention is given to Latin than the other languages, yet classes will be formed in German, French and Greek when they can be formed.

A. B. Leach, formerly instructor of penmanship and education in the National Normal University, at Lebanon, O., will be in charge of the Normal Term, and Commercial Course. Prof. Leach is a graduate of the "Union City Business College," also the Scientific Course of the National University at Lebanon, and is a specialist in penmanship and education.

No enterprise has a greater influence in building up a country both in wealth and population than a good school. Therefore, it is the duty of all citizens and friends of education to encourage the Louisa Normal Institute in every possible way and thereby assist in establishing a school that will fully meet the demands of all patrons of education.

The only objectionable feature is the reference to whisky drinking, but that is not taken in a serious vein; a matter of fact there are as many total abstainers in Kentucky elsewhere.

Died, last Wednesday, at home a few miles from Louisa, which conflict with the office, which Millard F. Carter. She was attacked the reason for his resignation.

ed by her about 15 days before her death and grew rapidly worse. The news of her death was quite a shock to the neighborhood, as it was rather unexpected and is very deeply deplored. She was a most excellent woman and commanded the highest respect of all who knew her. Her husband and four children survive her, and to them the deepest sympathy goes out.

We publish this week a very entertaining article by Henry Peterson on "The Honeysuckle Cury," which appeared a few days in the editorial columns of the Fair Journal. Read it. The only objectionable feature is the reference to whisky drinking, but that is not taken in a serious vein; a matter of fact there are as many total abstainers in Kentucky elsewhere.

WHAT A LIE!

This Correspondent is Getting Too Rank.

The Clin, Post's Special Service.

Webbville, Ky., Jan. 21.—Lewis Chenoweth, 40, a stockman, living seven miles west of here, died yesterday after a continuous sleep of 18 weeks. He always had good health. One Sunday afternoon last September he went to bed, and from that time until his death his sleep was broken but twice, although everything known to the medical fraternity was done for him. During the 18 weeks that he slept he was kept alive by being fed with a spoon on milk and other nourishing liquids. It was impossible to take food. During the spells he would come to, he would converse freely, but had no knowledge of anything which had transpired during his sleep; in fact, did not know he slept at all. He would only stay awake possibly 10 to 15 minutes at a time, and then without any warning would quietly fall asleep. He suffered no pain whatever.

Johnson County.

J. C. Mayo, whose sickness we mentioned in our last letter, is only slightly improved. He still suffers intensely and gets but very little sleep, but his physicians think he will continue to improve.

Peter Welch, son of T. J. Welch, died of typhoid fever last Saturday night. He was about twenty-eight years of age. His parents and relatives have our sympathy.

On last Saturday night a man who gives his name as James Johnson, and says he is from Cincinnati, O. broke into the store of M. L. Akers & Co. and stole about three hundred and fifty dollars worth of watches and jewelry and a small amount of money. A reward of seventy-five dollars was immediately offered by The Mules for the arrest of the guilty party. On Sunday night at 12 o'clock our new sheriff, Sam Stapleton, and S. P. King arrested the thief at Richwood, Ky., and he is in default of bail was placed in jail to await the action of the grand jury which commences here next Monday. He confesses the crime and delivered nearly all of the watches, money and jewelry. We imagine he has read the "Shanderous" letter written by that reckless fellow at Jackson, Ky., a short time ago and published in the Cincinnati Enquirer. The Enquirer may pay for slanderous articles and absolute falsehoods and publish the same to the detriment of our people of Cincinnati that we are ignorant, having no knowledge of the law or the Bible, if it can do so, but those who came here to steal and rob will at least find out that we are willing and able to execute the law.

By the way we have another man in our jail who says he is from Ohio, George Turvey, charged with attempting to entrap a little girl under 12 years of age, who is his cousin. He had his examining trial yesterday before Judge Littell and was held to answer to the grand jury. The testimony was overwhelmingly strong and he will learn a trade. Of the nine men charged with felonies in our county only two of them are citizens of this county.

In an article entitled "What is Gambling?" the Hon. John Bigelow, in the February Harper's, discusses an important constitutional amendment lately adopted by the people of the State of New York. The amendment indirectly affects horse-racing and pool-selling in other States, owing to the burning interest in the subject. Whether it affects the twenty-five-cent rubber at whist and the church fair is a problem that Mr. Bigelow precludes in entertaining fashion.
